

Year 1: A Registered Manufacturing Technician Pre-Apprenticeship Program

Lead the charge.

Fly to Mars.

Put yourself on stage.

Build the house.

You can do any of this with a career in Manufacturing!

The YCAL Pre-Apprenticeship Program is designed for high school Juniors or Seniors enrolled at YCAL's partner schools who are considering pursuit of an Apprenticeship in a chosen trade after graduation! A Pre-Apprenticeship gives students the ability to explore a career before entering the workforce after graduation. The program consists of 7 hands on sessions and an optional online credential program.

Manufacturing Technician Program Schedule of Events:

- September 26, 2019 – Kickoff Party
- October 17, 2019 – Introduction to Manufacturing!
- November 14, 2019 – OSHA 10
