

HEALTHCARE CAREER EXPLORATION PROGRAM

Do you have a desire to help and care for others? If so, a position in the field of Healthcare may be in your future. This program will explore several potential career paths in the field of Healthcare that may require a 2-year or 4-year degree after High School. If you have any interest in working in this field but have not committed to a specific course of study, this is a great program to check out! This program is presented by the departmental faculty of Central Penn College in partnership with Normandie Ridge, an Albright Care Services Retirement Living Community

Eligibility: High School Sophomores, Juniors, and Seniors

Location: Normandie Ridge
1700 Normandie Drive
York, PA 17408

Date: Monday December 11, 2017
9:00a -2:00p

Visit www.ycal.us for the application or see your High School's Guidance/Career Coordinator for more details
