

CRIMINAL JUSTICE & FORENSICS CAREER EXPLORATION PROGRAM

Careers in Criminal Justice and Forensics extend far beyond being a police officer. This one-day event, organized by the York County District Attorney's Office, will provide high school students with an overview of the Criminal Justice system, along with presentations from various guest speakers from the many offices and individuals who assist the District Attorney's Office in their mission to seek "justice for crime victims, the community and criminal defendants." Students will leave the session with a background on the industry, several potential career paths, and the education required to pursue the path that most interests them.
