

EDUCATION CAREER EXPLORATION PROGRAM

Have you ever had a teacher who had a significant impact on your life? High School students interested in pursuing the noble profession of passing on knowledge to others as an educator do not want to miss this day. Students can look forward to a day of exploring the traits, talents, and skills it takes to be a successful educator as well as exploring what specialization might be the best match to their strengths. Attendees will get to interact with future educators, observe a class, hold a Q & A with faculty and students, and perform various hands-on small group educational activities.
