

HUMAN SERVICES CAREER EXPLORATION

The Human Services Career Exploration is a great choice for students interested in pursuing a career where they get to help others. This program will help students gain insight into human service careers by visiting several local sites to hear and see Human Services professionals in actions. Completion of this program will give students a clearer picture of the struggles facing many community members, expand student knowledge of services available to York County residents, explore the departments and services in the York County Human Services Division, and to explore the educational options after high school.

- Eligibility:** High School Sophomores, Juniors and Seniors
- Location:** York College of Pennsylvania Appell Life Sciences Building 441 Country Club Road York, PA, 17403
- Date:** Friday October 19, 2018
