

COSMETOLOGY

CAREER EXPLORATION PROGRAM

Cosmetologists work with individuals to help enhance their appearance, typically working with a person's hair, skin and nails. In many cases, those looking to enter into this field should enjoy working closely with others, as they are providing personal care to customers and work closely with others. Successful candidates for this field should also have physical stamina as many positions require you to be up and on your feet quite often. Job outlook for this field is projected to grow approximately 8% over the next 10 years according to the Bureau of Labor Statistics. Professional cosmetologists must be highly trained and licensed through the state, so students can look forward to exploring what it's like to work in this field and how to become trained and licensed!
