

ELECTRICIAN CAREER EXPLORATION PROGRAM

Students interested in pursuing a career in a skilled trade will want to check out this brief program, focusing on students considering an electrical trade. This program will provide an overview of the electrical trade and a preview of the six-week Electrician Boot Camp. This Boot Camp is a Pre-Apprenticeship program open to High School Juniors and Seniors and will include an introduction to a career as an electrician covering electrical and construction safety, materials, component installation, ohms law, conduit bending, and employability skills. Careers in the electrician field are in high demand and are projected to grow over the next 10 years.
