

HUMAN SERVICES CAREER EXPLORATION PROGRAM

The Human Services Career Exploration is a great choice for students interested in pursuing a career where they get to help others. This program will help students gain insight into human service careers by speaking with representatives from several local sites to better understand Human Services professionals. Completion of this program will give students a clearer picture of the struggles facing many community members, expand student knowledge of services available to York County residents, explore the departments and services in the York County Human Services Division, and to explore the educational options to successfully pursue a position in this field.

Eligibility: High School Sophomores, Juniors and Seniors
