

## AGRICULTURE CAREER EXPLORATION PROGRAM

Students interested in a career in agriculture or agribusiness will not want to miss this program! Agriculture has become a high-tech industry in many ways and handles various business processes to make it work as a business and career. This program highlights sustainable farming practices, ecology and greenhouses. Students will have the opportunity to learn about different farming styles, new innovations, and business models and explore different paths to a future in farming. Students will perform two hands-on labs that will help them further understand some of the day-to-day activities of this career field.

**Eligibility:** High School Sophomores,  
Juniors and Seniors

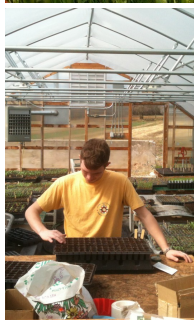

**Location:** Horn Farm Center  
4945 Horn Rd  
York, PA 17406

**Date:** Thursday October 17, 2019
