

RESPIRATORY CARE CAREER EXPLORATION PROGRAM

If you have an interest in the field of healthcare, and are looking to specialize in a growing area that will allow you to work under physician supervision, this ONE-DAY EXPLORATION program is for you.

Respiratory Care practitioners carry out physician orders using specialized equipment such as ventilators and pharmacological agents to help restore normal lung function. Respiratory Care offers persons interested in caring for others the opportunity to serve as vital members of the health care team.

About the Program:

Eligibility: High School Juniors and Seniors

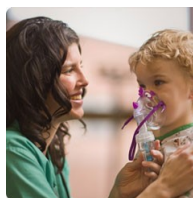

Location: Wellspan York Hospital
Medical Education Pavilion
1001 South George St.
York, PA 17403

Date: Tuesday, October 15, 2019

*Visit www.ycal.us for the application or see
your High School's Guidance/Career
Coordinator for more details*

Program Schedule

Tuesday, Oct. 15, 2019

9:15AM - 11:45AM

Topics to be Covered:

- Educational requirements of a Respiratory Care practitioner
- General duties of a Respiratory Therapist
- Specific skills performed
 - Mechanical ventilation
 - Arterial blood sampling
 - Deep breathing exercises
 - Pulse oximetry
 - Intubation
 - Chest physiotherapy

Directions & Parking

From the main (visitor) parking lot, enter at the revolving glass door marked "Medical Education Pavilion."

Proceed up the steps to the second floor. The group will meet up there briefly and will be escorted to the cafeteria for some opening remarks before being dismissed into small groups.

Please carpool where available to maximize spaces available for hospital patients and their families!
