

## WATER & ENVIRONMENTAL TECHNOLOGY CAREER EXPLORATION PROGRAM

Water & Environmental Technology is a field at the leading edge of protecting public health and the environment. An aging workforce, improved automation, and increasingly stringent regulations have created a high demand for water quality professionals. Students who enjoy hands-on learning, have an aptitude for math and science, and a desire to make a difference in the world around them will find these careers challenging and rewarding. Students attending this event will tour the York Water Company to learn more about good paying, secure, local jobs available in this industry through hands on activities.

### **About the Program:**

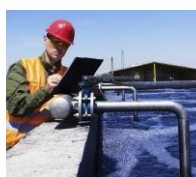

**Eligibility:** High School Sophomores, Juniors and Seniors

**Location:** York Water Company  
296 Hess Farm Rd.  
York, PA 17403

**Date:** Tuesday October 22, 2019

**Time:** 10:30AM - 2:00PM

**Parking:** Students will meet and park at the address above. A bus will be provided to travel to all planned tour sites (see right). Students will return to York Water Co. before the end of the day.
