

The York County Alliance for Learning is proud to present a series of interviews where we have spoken to various professionals working within each of the 16 nationally-recognized career clusters.

The purpose of this series is to get to know people working within each career cluster and to help promote a better understanding of various career paths. Resources like this video are intended to help promote career awareness and career exploration as students move closer to making important career decisions.

Preparations are currently under way for Series 2 in Spring 2021! If you are interested in participating or sponsoring this series, please email us at info@ycal.us

SERIES 1 (RELEASED JANUARY 2021)
