

# YCAL CAREER EXPLORATION PROGRAMS

York County Alliance for Learning

YCAL has established relationships with business partners to provide our High School students opportunities to explore different careers at no cost to the student. Participation in these programs increases students' understanding of the unique training, education, and work standards required to successfully pursue a given career path.

YCAL currently offers On-Site Programs which are held outside of school, and at the host's location. In addition, YCAL has built a library of Virtual Career Exploration Programs which can be accessed On-Demand.

## THANK YOU TO OUR PROGRAM HOSTS!

YCAL currently offers On-Site Programs which are held outside of school, and at the host's location. On-Site Career Exploration Programs have limited seating. Students are able to apply through the deadline date which is two weeks prior to the day the program is scheduled to meet. Once the deadline occurs, students will be accepted into each program by grade level (12th, 11th, 10th, etc.) and then by order the application was received to provide an opportunity for those closer to graduation to attend the program.

Students will be notified if they have been accepted into the program via the email provided on their application approximately 10 days before the start of the program.

ON-SITE PROGRAM DATE	PROGRAM	HOST(S)	START TIME	END TIME	CAREER CLUSTER(S)	PROGRAM DESCRIPTION
Wednesday, February 16, 2022	Architectural & Civil Engineering	Warehaus	9:00 AM	2:00 PM	<ul style="list-style-type: none"> <li>Architecture &amp; Construction; Science, Technology, Engineering &amp; Mathematics</li> </ul>	Hosted by one of York's leading and award-winning firms, Warehaus will discuss how Architects and Civil Engineers both play a valuable role in the planning, design, and supervision of building sites and structures.
