5:40 PM Transition to Breakout Session (10-Minutes)

5:50 PM Breakout Session (Choose 1)

Exposure (Room TBD)

Christopher Fake & Jennifer Dugan (Spring Grove Area School District)

This session focuses on building intra-district relationships by leveraging high school students as STEM mentors for elementary students. By connecting these two age groups, the initiative aims to cultivate a supportive learning environment, enhance STEM understanding, and promote peer-based knowledge sharing, benefiting both mentor and mentee while fostering a sense of unity within the school district.

Experience (Room TBD)

Mark Miller (Cedar Cliff High School) & Lori Perrin (Dairy Farmers of America)

This breakout session delves into fostering partnerships between schools and businesses, aimed at aligning education with workplace needs. Participants will explore strategies to identify essential skill sets, technological proficiencies, and industry insights, ensuring students are well-prepared for the demands of the professional world.

Employability (Room TBD)

Jocelyn Ruppert & Student Intern (Susquehannock High School)

High school interns contribute to their communities by gaining valuable real-world experience and bringing fresh perspectives to local organizations, fostering mutual growth and learning. Their involvement helps bridge the gap and promotes community engagement among young individuals.

6:20 PM Breakout Collaboration and Networking

7:00 PM Collaboration Wrap-Up
